Collection and Use of Data

Types of data collected
- Roblox user id
- Discord user id
- Roblox group data, including rank names, rank ids, rank universe ids, group owner id
- Discord server id
- Usage Data
- Verification Data

Usage Data

Usage Data is collected automatically while using our Services

Usage Data may include information such as Your Device's Internet Protocol address (e.g. IP address), browser type, browser version, the pages of our Service that You visit, the time and date of Your visit, the time spent on those pages, unique device identifiers and other diagnostic data.

All data collected through Roblox is either made public by Roblox, or has been imputed by a user.

We may also collect data sent from Discord about a user, server, or purchase made for Our Service. Including user-inputted data from Discord.

Verification Data is collected automatically through secure systems, but requires You to start the process.

Use of personal data

You have the right to request more information on how We use or collect data.
We use data for the following purposes:
- To provide and maintain our Service, including to monitor the usage of our Service
- To remove individuals from using our Service

- To attend and manage requests made by You

We may share personal data in the following situations:
- With Our affiliates to offer you a better experience.
- With Your consent. We may disclose Your information with direct consent.
- Within Archievery or other selected people. In this case We will enforce Our Privacy Policy and Terms of Service are followed.
- With other users, when Your information can be found publicly from using our Service.

Retention of personal data

Archievery will retain personal data for as long as necessary for the purpose described in the Privacy Policy and Terms of Service. As well as to comply with our legal obligations set out by law, and enforce Our legal agreements and policies.

Right to deletion

You have the right to request a deletion of all your data. Once we have received and confirmed this request We will delete Your personal information from out records, except under the following circumstances:
- The information is public or anyone can recreate the information into our records
- The information is used to block You from using our Services

Data can be deleted either through our Services, or by contacting us at tos@archievery.net
