

Archievery Terms of Service

Last updated on Aug 30, 2024

These Terms of Service describe the rules we have placed on Our Services and the rules We have placed on ourselves. By using Our Services you agree to the Terms of Service

Interpretation and Definitions

Interpretation

Words in which the initial letter is capitalized have meaning defined under the following section. The following definitions have the same meaning whether they are plural or not.

Definitions

- **“Organization”** (also referred to as **“the Organization”**, **“Us”**, **“We”**, **“Our”**, **“Archievery”**), refers to our Discord Bot and any user tasked with development, maintenance, or a staff role within our Discord Server
- **“Roblox”**, the company “Roblox Corporation”
- **“Discord”**, the company “Discord Inc.”
- **“our Roblox Group”**, the Roblox group with the ID of 34706265, or located at www.roblox.com/groups/34706265
- **“our Discord Server”**, the Discord server with the ID of 1264733801012137994
- **“Discord Bot”** (also referred to as **“our Discord Bot”**, **“the Discord Bot”**), the Discord account with the client ID of 1264763519551930409
- **“our Website”**, the website located at test.archievery.workers.dev and archievery.net
- **“Usage Data”**, refers to data collected automatically, either generated by the use of the Service or from the Service infrastructure itself
- **“Service”**, our Discord bot and our Website

- **“Verification Data”**, the Discord user id and Roblox user id which you have verified as owning both through a secure system in our Service
- **“You”**, the individual accessing our Service, or the legal entity on which the individual is accessing our Service

Purchase of Services

Extra Services may be purchased through our Discord Bot. In order to fully obtain the extra features Your Roblox account must be above the age of 13, this is due to Our extra features using Roblox oauth2(which sets the restrictions at 13 years of age) to work. If you happen to purchase a tier and decide it's not right for you, you must contact Archievery at tos@archievery.net within 5 days after the purchase to receive a refund. These extra Services contain two tiers:

- Tier 1; Contain the ability to kick or ban someone from a Roblox game through Our Discord bot. As well as prevent them from gaining xp, medals, and prevent them from rank up within the Discord Bot.
- Tier 2; All features of Tier 1, but adds on the ability to customize Your Discord bots username and profile image.

Verification Systems

We use Discord-Roblox verification in order to connect the accounts and allow actions that require certain permissions. During verification We will save Your Roblox user ID and Discord snowflake in our database.

We will never force verify accounts (e.g. even if We know who owns an account, We won't put the information in). The only way to verify is through Our automated Services. Beginning the process starts with running the Discord command labeled “/verify” and in-putting Your Roblox user id.

We use two methods of verifications:

- Roblox oauth2: directs You to the Roblox website where you login to your account, once completed Roblox will redirect you to our Website where Roblox will allow us to gain Your Roblox user id, and other public Roblox data about Your user.
- Roblox game: We will ask you to join a Roblox game where you will be asked to confirm Your Discord username. Once confirmed we will save the verification data.

We may use the verification data in accordance with this document and Our Privacy Policy. Through the Discord command labeled “/verify” We allow you to change or delete your verification data. You may also contact Us at tos@archievery.net to delete the data.

Banlist

Banlist is the list of users who have been blocked from using Our Services, we save this data in accordance to Our Privacy Policy. You may be blocked from Our Services for any reason, but the ban can only be done by the owner of Archievery. If you have questions as to why you may be banlisted, please contact Us.
